‘Probably the healthiest workspace in the world’

All Podiiz are supplied with medical grade Air steriliser technology ,designed specifically for commercial use 24/7 by our partners at So Pure Air.

Independently tested by ‘Biomedical’ research and aerosol specialists ‘Airmid Health Group ‘ Dublin to remove virus and bacteria to an efficiency of 99.99%

[Example]

Podiiz internal air volume is 6.5m³.
Equivalent to 6500 litres of air internally .

The So Pure Air KT3 cleans
720,000 litres of air an hour.
That means the air is cleaned
every 54 seconds. (110 times an hour).

‘Creating sterilised air reservoirs in enclosed workspace, is currently the only way to deliver viral and bacterial free, safe space for staff and visitors.

Reducing illness in the office and delivering piece of mind.’

‘The risk of catching Airbourne infection in this room with So Pure Air technology in it is virtually zero.’
